## **Welcome to the Hyattsville Community Day Sponsored by Cadia Healthcare**

Cadia Healthcare is a world-class provider of Skilled Nursing Care and Rehabilitation with 10 locations in the Mid-Atlantic States of Delaware and Maryland. Cadia of Hyattsville is one of the most medically capable and complex skilled nursing facilities on the East Coast, offering skilled nursing and rehabilitation to some of the communities most complex pulmonary, dialysis and chronically ill residents.

We welcome you to the FIRST EVER Community Day! This event is organized by Cadia Hyattsville to demonstrate its commitment to the greater community and its neighbors in Prince Georges County and North East Washington D.C. The event is designed to provide a leg up for school aged youth by donating quality backpacks and school supplies, making the idea of returning to school exciting and fun with a whirlwind of activities, prizes, food and a festive atmosphere. Cadia Hyattsville also intends to connect constituents with goods and services from community businesses large and small, while showcasing upcoming small businesses and providing opportunities for growth and brand recognition.

We thank our partners, staff, friends, and family of both for all of your hard work and commitment to our collective community. Please enjoy the festivities!

# Sponsors and Vendors

Cadia Healthcare would like to thank the following sponsors and vendors for helping us bring this wonderful event to our community.

## **Thank-you from Chillum Elementary**

The mission of Chillum Elementary School's Community School Department is to ensure each student has a successful educational experience by helping to close opportunity gaps and connecting children and families to resources that address learning barriers.

Chillum Elementary School is very excited to partner with Cadia Healthcare. Cadia Healthcare has supported the Operation Warm initiative at Chillum Elementary School. The collaborative mission to ensure that our most vulnerable population of children doesn't go without a coat during the winter season was a huge success.

With the dedication and vision of Cadia Healthcare's leadership and other community partners, more than 100 students received warm coats during the school year. Receiving such a donation kept our students warm during the winter months, assisted with school preparedness to learn, and helped families rise above difficult circumstances in their lives.

Chillum Elementary School would like to thank Cadia Healthcare for their continued support and would also like to invite other businesses and organizations to invest in our mission to make a difference in each of our students' lives. Every day the Community School Department encounter barriers that severely impede a student's ability to succeed in and out of the classroom. Please let us know how you can assist.

Sincerely,

Cortez Brooks

Community School Coordinator

**Our Infectious Disease team are experts in a wide variety of diseases and their treatments.**

**Some of the types of infections our team treats:**

Surgical wound infections, Infections in bone marrow & solid organ transplant, Vascular infections, Tick-borne infections, Skin & soft tissue infections, Bone & joint infections, Viral infections, Chronic hepatitis, Recurrent urinary tract infections, Sexually transmitted infections

**COVID-19 testing Appointments**

If you are interested in receiving the COVID-19 PCR Rapid Testing at this location, please call (410) 997-7677.

## What we offer

Treating infections, such as Lyme disease or influenza, caused by bacteria, viruses, fungi and parasites are diagnosed and treated by our team of highly specialized physicians. They determine which diagnostic tests and treatments are most appropriate for each patient. Treatments often consist of antibiotic medications given orally or intravenously to help battle the infection. Patients are seen both in clinic and hospital settings. Based in Howard, Montgomery and Prince George's Counties, our specialists treat individuals in our community as well as these locations around the region.

Providing Infectious Disease consultation and antibiotic stewardship in Nursing Homes around the Region.

DR. BARDIA ANVAR

Founder and CEO of  
Skilled Physicians Group  
Skilled Wound Care.

HENRY OKONKWO, PA-C

Co-Founder of  
Skilled Wound Care and  
The College of Long-Term Care

## WHO ARE WE?

The Skilled Wound Care Physicians Group provides clinical services such as wound care, management, debridement, and prevention all at the bedside. No need to travel to expensive conferences to learn the latest techniques, with our expert staff and team of physicians we come to you at your patient's bedside.

## WHAT WE BELIEVE?

At Skilled Wound Care, we use our beliefs to make the best choices possible for our patients and nursing partners. These beliefs distinguish Skilled W providers as industry leaders and inspire us to provide superior services to patients all across America.

## WHAT WE DO?

We specialize in a variety of bedside procedures such as skin, wound, and ostomy treatments. We send our expert doctors directly to skilled nursing facilities to help care for their most vulnerable patients. Better wound care means fewer emergency room visits, lower costs for patients, and better health outcomes.

## COLLEGE OF LONG TERM CARE

The College of Long Term Care is an open, clinical, educational body designed to advance evidence-based care to improve patient health care delivery in longterm care facilities.

## The Hunt:

36 nine-inch cones will be placed throughout the children's area in random order. Each colored cone will be numbered from 1 to 36. Each cone will have a box placed beside the cone containing sticker dots with numbers corresponding to the number on the cone.

## How to win:

Once you collect all 36 stickers, turn them into the scavenger hunt coordinator. The first participant to collect all 36 stickers from 1 to 36 wins a prize. Use this game sheet to place your sticker dots. Happy hunting!
